

Linus Sorg

Zurich, Switzerland | contact@linus-sorg.com | linkedin.com/in/linussorg

Education

ETH Zurich (Swiss Federal Institute of Technology), Zurich, Switzerland
B.Sc. Computer Science (expected Feb 2028), GPA **5.52 / 6.0**

Sep 2024 - Feb 2028

- **Scholar of the Foundation of German Business (SDW)**, one of Germany's 13 national merit-based scholarships.
- Coursework: Algorithms & Data Structures, Algorithms & Probability, Computer Systems, Networks.

Gymnasium Balingen, Germany

Sep 2022 - Jul 2024

Abitur, grade **1.0** (best possible), 859 / 900 points

Work experience

HighPots, Basel, Switzerland

Sep 2025 - Present

Co-founder and sole engineer, AnyAgent

- Building **AnyAgent** (see Projects) together with HighPots, which incubates the venture.

Software Engineer, Remote

May 2026 - Present, Dec 2022 - Jul 2024

Self-employed

- Delivered web and mobile apps (React, Flutter) for **10 clients**.

eesy LLC, Germany

Oct 2024 - Mar 2026

Founder & CEO

- Built a POS system compliant with **German fiscal law** (KassenSichV, TSE), **~120,000 lines** of Flutter.
- Ran a **5-month daily-use pilot** at a restaurant, processing **>€100k** in revenue.

netS GmbH, Geislingen, Germany

Aug 2022 - Dec 2023

Software Automation Intern

- Built automations for IT administration and billing across client systems, saving **20-30%** of admin time.

Projects

AnyAgent (incubated at HighPots) | Demo: youtu.be/EmJ4DpRVuJ0

Jul 2025 - Present

Sole Engineer & Co-founder

- Built an **AI computer-use agent** that operates any desktop software through its UI like a human, running **fully on-premise** including the AI model, for enterprises with strict data-protection and AI governance policies.
- Secured the agent with a **safety check on every action**, **prompt injection screening** and a **signed audit trail**.
- Made the agent **~40% faster than its previous version** (median step ~5s) even with added thinking and security layers, by optimizing the agent loop and LLM inference on 2× H100 GPUs.
- Reached **88.3% on OSWorld-Verified** (leading computer-use benchmark).

Leadership & volunteering

Foundation of German Business (SDW), Zurich, Switzerland

Oct 2025 - Present

Chair, SDW Scholar Group Switzerland

- Elected chair in Oct 2025, leading our group of **45 scholars** in Switzerland.

Volunteer Firefighter

2015 - Present

- Serving in Germany and **Zurich**, after **9 years** in the youth brigade.

Zürcher Kamingespräche (Zurich Fireside Talks), Zurich, Switzerland

2025 - Present

Head of Organizing Committee (prev. Logistics)

- Leading a **3-day conference** with **50 participants**.

Awards

Jugend forscht (German National Science Competition), Bremen, Germany

May 2023

German Aerospace Agency Prize (DLR) at the National Finals

- Reached the **German National Finals (top 2%)** as **State Winner**, **~€2,000** total prize money.
- Built **AI meteor detection** for night-sky video with a CNN trained on 1,800 self-annotated images.

Skills, languages & interests

Programming

Python, Java, C, Dart/Flutter, JavaScript/TypeScript

Systems & Tools

Linux, Docker, FastAPI, PostgreSQL, React, vLLM, Prometheus/Grafana, Git

Machine Learning

LLM evaluation, OpenCV, TensorFlow

Languages

German (native), English (fluent), French (B1)

Interests

Entrepreneurship, Fitness, Aerial Photography, Trumpet in a Brass Band
